## **Some ideas on praying for schools:**

- Pray for children, young people and staff that you know, for their peers and colleagues.
- Adopt a school - perhaps the one nearest your home or one that you pass each day.
- Find someone you know who has links with a specific school - such as a parent, member of staff, governor, visitor in some way. Then ask them for particular issues they know of to pray for.
- Schools are very often in the local newspaper - pray for the ones you read about.

## **Who to pray for:**

### **• For the children and young people**

Pray for the homes that they leave and return to each day—many live very disrupted lives at home.

For their work in school, especially at times of particular pressure (e.g. assessment tests, GCSEs, A-Levels).

For their friends and peers — pray particularly against bullying and threatening behaviour.

Each child and young person is an individual. Try to pray for individuals and for Christian young people, that they will be able to grow in their faith whilst at school.

- **For Headteachers and School Staff**

For all Headteachers, teachers, classroom assistants and all who work in schools. That they may be wise, kind and caring in their dealings with children and young people.

For Headteachers and teachers in the pressures and stresses of school life including teaching, administrative work, marking, caring for both pupils and parents and all the other myriad tasks involved.

That all schools will be places where children are valued as individuals, and where they might have the opportunity to discover how precious they are to God.

- **For Governors**

That schools will find suitable people who will give freely of their wise counsel and fair decision making skills.

That there will be a dynamic and servant-hearted Christian presence on all governing bodies.

- **For Parents**

As the prime educators, that parents will have time for their children's needs and that homes will be places that are safe, secure and loving for the children and young people to be nurtured in their formative years.

- **For the Government**

That they will have wisdom in all their decisions and rulings regarding schools.

That they will always keep in mind that schools are places where children and young people are influenced and their minds are developed for their future.

Pray that Christian values will be honoured in their decisions.
